

PER SANDERUD

Member of the Supervisory Board

Joint stock company Elektroprivreda Srbije

Mr. Sanderud holds a MSc in Economics from Oslo University. He brings to the Supervisory Board almost 30 years of experience gained on high-ranking positions in several Ministries of the Kingdom of Norway. He was President of EFTA Surveillance Authority in Brussels, as well as a member of Board of Directors of the European Bank for Reconstruction and Development (EBRD) in London until 2022.

A great part of his professional career is dedicated to the energy sector, particularly to hydro power and renewable energy sources.

He served as Permanent Secretary in the Ministry of Trade and Industry of Norway, which strategically manages state-owned companies (such as Statkraft, Jara, Hydro, etc.).

He was appointed director of the Norwegian Water Resources and Energy Directorate of Norwegian Energy Regulator for more than seven years.

He was a visiting lecturer at Stanford University in the United States of America.

Mr. Sanderud was a member of several prominent Supervisory Boards in Norway and also in Government Commission for Direct Investments, State Administration and Social Policy, as well as in the Board for Taxation of Electricity Producers in Norway.

Married, father of three. In addition to Norwegian, his mother tongue, he is fluent in other Nordic languages, as well as in English; basic-level knowledge of French, German and Spanish.
