Subject: additional clarifications no. 5 in accordance with Article 63 paragraph 3 of Public Procurement Law ("Official Gazette of the Republic of Serbia" number 124/12 & 14/15) in an open public procurement procedure for the procurement services "Financial advisor for acquisitions" - PP number 46/15/DEFP, for which Invitation to Tender was published on Public Procurement Portal on 21.07.2015.

Five and more days prior to expiry date foreseen for submission of tenders in subject public procurement procedure, interested party has submitted to the Employer via e-mail request for additional information, i.e. clarifications, regarding which the Employer, i.e. Public Procurement Committee, in accordance with provision of Article 54 paragraph 12 item 1) of the Law shall provide the following information i.e. clarifications within three days from the day of the receipt of the request:

Question 1:

I am writing in connection with the preparation of the forms for the Public Procurement 46/15/DEFP. We are currently finalizing the tender documents to be filed on behalf of *****, but have a very practical question regarding Form 2 of the tender document.

Thus, we would like to ask (i) what is the "Tenderer's protocol number", and consequently (ii) what is the specific number that ***** would have to fill in on this form for the "Tenderer's protocol number"?

Answer 1:

"Tenderer's protocol number" is the number under which the Tenderer records the document submitted (or received) in daily correspondence, and in accordance with the internal rules of office operations.

If the Tenderer does not keep records of outgoing/incoming documents, then the Tenderer may enter "not applicable" after the words "Tenderer's protocol number" in the Form 2 – Tender Form, or leave the line empty.

These additional clarifications are submitted by email to the applicant and are published on Public Procurement Portal and web site of the Employer.
