

Glišo Klasnić

Born in 1958 in Knin, where he completed his primary and secondary education. In January 1983, he graduated from University of Belgrade School of Electrical Engineering, Department of Power Systems.

He started his career as a vocational subject teacher at the Electrical Engineering High School *Nikola Tesla* in Belgrade during the school calendar years of 1984/85 and 1985/86. In May 1986, he began working as an intern at the TPP Nikola Tesla A. Glišo Klasnić gradually built his career, starting from the position of Junior Engineer in the Maintenance Sector, Management, Signaling and Protection Engineer, Electrical Maintenance Division Chief Assistant, Chief of Maintenance Preparation Division, Assistant and Chief Maintenance Engineer, and from 2011 to 2013 he was the Director of TENT A. From 2013 to 2015, he was the Coordinator for Maintenance and Reconstruction of TENT power facilities.

In 2015, he was transferred to the PE EPS Electricity Generation Technical Affairs Department to the position of the Chief of the Division for Maintenance and Subsequent Investments in TPP and CHP Existing Funds, and from 2017 to 2022 he was the Head of the Department for Maintenance and Subsequent Investments in TPP and CHP Existing Funds. Since March 2022, he has been performing the function of the Executive Director for Electricity Generation Technical Affairs in PE EPS.

Glišo lives in Belgrade, he is married and has two children.
