

## **IGOR PETKOVIĆ**

### **Member of the Supervisory Board**

### **Joint stock company Elektroprivreda Srbije**

Igor Petković holds a master degree in economic sciences from the Faculty of Economics in Belgrade where he previously received a bachelor degree in economics.

His career so far has been marked by the top management positions in both domestic and foreign banks, food industry and power industry.

He was CEO for economy, including large clients, as well as for project financing in Unicredit Bank, one of the largest banks in the Republic of Serbia. For three years, he was the general manager of Fruvita, a domestic company, and afterwards, as the general manager of Oil Refinery Belgrade, he transformed the company into an independent and competitive organization, in four years.

A result-oriented professional, focused on process improvement and optimization, he brings in the Supervisory Board of EPS a combination of expertise from the financial sector with challenges from the real life and energy sector.

Married, father of three, fluent in English.
